Coordination & Operations: Event/Conference & Trade Show Coordination, Logistics Coordination, Cross-Functional Collaboration, Project & Timeline Tracking, Process Documentation, Bilingual Stakeholder Communication (English & Mandarin)

Analytics & Tools: Google Analytics, PostHog, A/B Testing, Microsoft Office Suite, CRM Tools

PROFESSIONAL EXPERIENCE

Graphic Design & Operations Coordinator | Jun 2026 – Present

Precise Pipe Inc. | Richmond, BC (On-site)

- Lead and coordinate a team of two graphic designers, managing timelines, priorities, and creative output for marketing and client-facing materials.
- Design and deliver marketing and promotional materials for digital, print, and client-facing use, including social media campaigns, website updates, and LinkedIn advertising.
- Support conference, trade show, and event branding, including booth design, presentations, and digital/print collateral.
- Partner with the Marketing & Client Relations Coordinator to align design and operations updates with client messaging, ensuring a seamless buyer experience from production through delivery.

Marketing & Product Designer — Fixed-Term Contract (Concurrent) | Sep 2025 – May 2026

MINA AI — Early-stage AI marketplace startup | San Francisco, CA (Remote)

- Created high-performing Instagram content using Canva, Figma, Lovart, and Adobe Photoshop to strengthen brand awareness through a consistent, recognizable visual identity.
- Partnered on content strategy by identifying user pain points and translating them into engaging post concepts and storytelling.
- Owned end-to-end product design — including a full Figma design system and redesigned checkout/listing flows — increasing completed listings by 30%.
- Synthesized qualitative research and product analytics into actionable insights, communicating design and content rationale to technical and non-technical stakeholders.

Product/UX Designer & Client Support | Jul 2024 – Nov 2025

TurnCloud Technology Service | Taipei, Taiwan (On-site)

- Reduced missed prize redemptions from 24% to 18% on the Taiwan Ministry of Finance Invoice App, a nationwide platform used by millions, by redesigning authentication flows and coordinating with cross-functional teams of 10+ engineers.

- Created training guides, client documentation, and marketing/digital assets to strengthen client adoption of enterprise systems; produced and edited promotional videos for AI exhibitions.
- Synthesized 30+ research sessions into user journey maps, personas, and information architecture documentation presented to senior government stakeholders for project approval.
- Managed cross-timezone stakeholder communication with international partners in Japan while leading design for the Baskin-Robbins Taiwan membership platform.

UX Designer — Fixed-Term Contract | Feb 2024 – Jun 2024

YK Labs — AI-powered interview preparation platform | Los Angeles, CA (Remote)

- Increased full mock interview completion rates by 35% by redesigning onboarding and restructuring task progression, validated through usability testing and analytics.
- Designed and launched a responsive marketing website, improving product clarity and pre-signup conversion.

Marketing & Operations Specialist | Jan 2024 – Jun 2024

T-Drum Enterprise Co. Ltd | Taipei, Taiwan (On-site)

- Managed high-volume daily communications with overseas suppliers (40–50 inquiries per day via email/phone), clarifying product specifications and resolving billing/ordering concerns.
- Built and maintained strong business relationships through consistent follow-up and clear, empathetic communication.

Digital Marketing Coordinator | May 2022 – Sep 2022

Admission Hub | Toronto, ON (On-site)

- Diagnosed declining brand visibility and overhauled Instagram content strategy, introducing educational and lifestyle content across Reels, posts, and Stories, growing followers by 500+ (a 61% increase) within 3 months.
- Designed branded marketing graphics using Figma, Canva, and Adobe tools; built a lightweight design system standardizing colors, layouts, and templates to reduce recurring campaign production time.
- Conducted SEO and competitor research to optimize WordPress blog content and content calendar, increasing website traffic by 18% in 3 months.
- Executed targeted email marketing campaigns via Mailchimp, including promotional newsletters and client updates, in collaboration with stakeholders.

Social Media Coordinator & Administrative Assistant | Feb 2021 – Sep 2021

MOMI Animal Health | Taipei, Taiwan (On-site)

- Managed end-to-end social content strategy across Facebook and Instagram, improving engagement rate by 40% through campaigns and responsive community management.
- Designed digital marketing assets using Figma, Canva, Illustrator, and Photoshop for product launches, seasonal promotions, and discount campaigns across social and e-commerce platforms.
- Produced offline marketing materials for pet industry expos and conferences (banners, flyers, branded merchandise), ensuring cohesive branding online and in-person.
- Processed invoices and import/export documentation; coordinated with overseas vendors and customs agents, handling 20+ daily client inquiries.

INDEPENDENT PROJECT

Haphy Living — Brand IP & Etsy Shop (Independent) | 2022 – Ongoing

- Conceived and launched an independent pet lifestyle brand — designed the logo, mascot, color palette, and full brand identity system, maintaining a cohesive aesthetic across all touchpoints.
- Built and manage a print-on-demand product line on Etsy end-to-end: artwork production, listing optimization, and lifestyle mockups.

EDUCATION

Honours B.A. in New Media Studies | University of Toronto Scarborough | Sep 2019 – Jun 2024

User Experience Design Diploma | BrainStation | Apr 2023 – Jul 2023
